

Dear DJ, dear trade fair visitor,

for the past 19 years we have been organising the DJMeeting as a unique platform for DJs, trade visitors, labels and makers of DJ equipment and new technology for DJs in the forms of hard- and software.

The DJMeeting has become an increasingly important event in the DJ scene; at it you can find everything there is to know about the latest technology available to DJs, the new releases in electronic Dance music and, last but not least, you can meet with colleagues, producers and labels.

We have put together all the most important information in this letter in order to make registration easier for visitors from abroad.

We hope that you understand that present we are unable to translate the complete contents of our website, however we remain at your disposal to answer any of your questions.

On the following pages you will find all the information necessary to register for the DJMeeting.

We would be very pleased to see you at the DJMeeting on 12th May 2009.
